LETTER OF INTENT

The "ARISTIDE FOUNDATION LA ROCCA ETS", with headquarters in Nola (Naples) and the Leopold Mozart Institute of Mozarteum University Salzburg are following up their cooperation already for three years,

"The Infinite Worlds of Mozart", including concerts in Nola (Naples), masterclasses and concerts at Mozarteum University.

The foundation is additionally focused on intensifying the cooperation with the Leopold-Mozart-Institute and furthermore extending the cooperation with the percussion department and the institute for contemporary music of the Mozarteum University, Salzburg.

In year 2011 we had arranged a very successful percussion festival in Nola together with Peter Sadlo.

In order to follow up this perspective the "ARISTIDE FOUNDATION LA ROCCA ETS" foundation would like therefore to invite percussion students next year for a festival and concert in Nola.
